Our Offerings

StellarSP is a SME auto component manufacturing company, based at Bengaluru, Karnataka, India. The company was founded in 2018 and promoted by seasoned industry professionals with domain knowledge in seating businesses. We have set up a new green field manufacturing facility in 2021 at Bengaluru.

StellarSP is a Seating Solutions provider and has in-house integrated facilities for PU foam, welding lines, and assembly lines. We have the capabilities in design, development, manufacturing and supply of bus passenger seats and PU molded foams.

Our manufacturing activities are focused on building efficiencies across processes, product quality and delivery commitments. We strive to deliver cost-effective product solutions, best-in-class comfort and responsive customer support services. We continue to focus on leveraging innovation to develop comfortable seating systems for passenger transport. The products are designed for structural reliability and ergonomic contour to suit the Indian road conditions and demography.

We meet the customer expectations on comfort by providing a safe travel experience. Our seats conform to the AIS-023 seat testing and IS-15061(Type-2) compliance standards, as a part of bus code, AIS-052. Our futuristic solutions are based on light-weighting and alternate materials for delivering innovative transport solutions. Future growth is planned with Driver seats, Foam components, and Seating sub-system parts for commercial furniture and selected adjacencies.

VISION:
To be the preferred partner for engineered seating and comfort solutions across mobility and adjacent markets.

MISSION:
- We will enhance customer delight with excellence in design, manufacturing and services.
- We will leverage efficiencies in the deliverables to exceed customer expectations on comfort, safety, quality and reliability.
- We will create a high performance organization with sustained growth.

BUSINESS FOCUS:
We design, develop and deliver engineered seating solutions, sub-systems, foams, and components for passenger transit, commercial vehicles, rail, marine, commercial furniture, and selected emerging applications.

VALUES:
- **People**- We value relationships and ensure mutual respect and courtesy.
- **Integrity**- We resolve to live up to the highest standards of fairness and ethics.
- **Employees**- As a learning organization, we facilitate a progressive work culture with professional growth in the right environment of health and safety.

Manufacturing Excellence Where Engineering Becomes Product

A seating solution is only as strong as the manufacturing process behind it. At StellarSP, engineering and manufacturing work together to transform product concepts into production-ready seating solutions. Our manufacturing ecosystem brings together metal fabrication, PU foam, plastic processing, surface finishing, upholstery, assembly and quality operations.
